Annexure A

Q1: Can you provide more information and the rationales for ratifying so many resolutions in this extraordinary general meeting (“EGM”)?

Answer: Thank you for your question. The information and rationales for ratifying the resolutions at this EGM have been explained in detail in pages 16 to 45 of the circular to shareholders of the Company dated 10 August 2023 (the “**Circular**”). As certain of the past interested person transactions (“**IPTs**”) were required to be disclosed under the Catalist Rules, the Company had taken a deliberate approach to ensure that all the past IPTs had been properly disclosed and ratified. Furthermore, the Board had done all it can to ensure that the interest of its shareholders are not prejudiced by the IPTs tabled for shareholders’ approval. The Company had also appointed an independent financial adviser to provide its opinion on the IPTs. Management had also explained that there was no financial impact to the Group arising from the ratification of these resolutions tabled for shareholders’ approval.

(Note to shareholders: The Chairman and Mr Allen Khong, the CEO had provided the same explanations to the shareholders present based on the details contained in the Circular.)

Q2: What are the status of the Group’s loan facilities and have they been drawn down?

Answer: Mr Allen Khong, the CEO explained that the principal amount of the loan facilities obtained from the controlling shareholder of the Company has been fully repaid. In particular, the DMR Loan Facility has a fixed interest rate of 8% and is unsecured. It is beneficial for the Company to continue to maintain the DMR Loan Facility as it enables the Group to have more flexibility in managing its working capital needs and serves as a future backup to be drawn down as and when required.
